

day 1

i deserved a better goodbye

day 2

why did you spend so much time  
on me, if you weren't going to stay?

day 3

and now i'm crying because  
i remember all those plans  
we had for a future that  
no longer exists

day 4

i know i never actually  
mattered to you

day 5

i knew it wouldn't last  
i knew it from  
the moment  
we first talked  
yet i still had hope  
that maybe just once  
something good  
could stay

day 6

i'm worried nothing else will  
ever feel like love again  
after you

day 7

as upset and angry  
i am, i still miss you  
do you know how fucking  
pathetic that makes me feel?
